

# Healthy Sleeping Tips

## LESS SCREEN TIME

Try limiting the use of technology (like TV, smartphones, and computers) for at least 30 minutes before bed.

## AVOID CAFFEINE BEFORE BED

Don't eat or drink any caffeine for at least 4 hours before bed. Caffeine can be found in coffee, tea, chocolate, and cola.

## SLEEP ROUTINE

Create a routine by going to bed and waking up at the same time every day and doing relaxing activities before bed (read a book, take a warm bath, do some stretches/yoga, listen to music, or meditate).

## GOOD SLEEPING SPACE

Your sleeping space should be dark and be a comfortable temperature.

## CALMING ACTIVITY

If you have trouble falling asleep, try a calming activity. For example: listen to music, meditate, think positive thoughts, deep breathing, or use a stress ball.

## DAILY EXERCISE

Exercise is important, but not right before bed. Finish exercise at least 3 hours before bedtime to help you fall asleep faster.
